ONE PICTURE. TWO WAYS TO PLAY.

Tap, listen. Then find it.

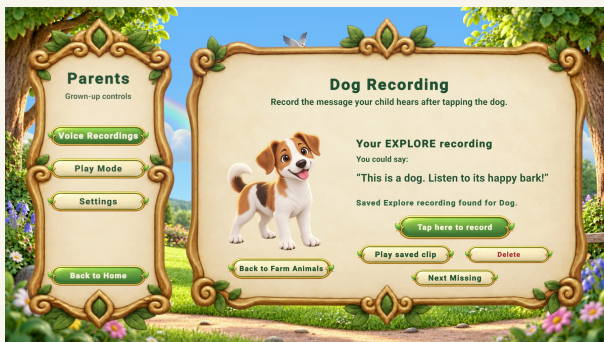

01 / EXPLORE

A tap plays the name and little fact a grown-up recorded for that picture.

02 / FIND IT!

Listen to a separately recorded clue and find its picture. A correct answer replays the name and fact.

A LITTLE SETUP. A LOT OF YOU.

Grown-ups record in Parents before play. Start with one picture, then add more at your own pace. The interface is in English; recordings can be in your family's language.
